Requirement to Correct: CIOT/ATT Webinar

Management of taxes **Personal tax**

01 September 2018

CIOT webinar on Requirement to Correct is still available, alongside the webinar slides and Q&As from the questions received during the webinar.

Our webinar covering the Requirement to Correct Certain Offshore Tax Non-Compliance in Schedule 18 Finance (No 2) Act 2017 took place on 18 July 2018 featuring CIOT volunteer Gary Ashford, Geoff Lewis from HMRC's Offshore Co-ordination Unit and myself. Thanks to those members who tuned in. We had over 300 viewing.

If you missed it, the webinar is available to view until July 2019, using Internet Explorer or Firefox browsers (note that you may need to press F5 / refresh the webpage to view it). If you have any difficulties viewing the webinar page, please email us at technical@ciot.org.uk or atttechnical@att.org.uk.

The webinar slides are available to download from the CIOT and the ATT websites.

We've also put together Q&As from the questions that were received both before and during the webinar – see the CIOT and the ATT websites. We recommend that you read these Q&As in conjunction with watching the webinar.
