With Xero Tax, files are in the cloud. Not in your way

Corporation Tax and Accounts Production for micro entities and small companies (abridged) is now available, at no extra cost, to accountants and bookkeepers in practice on the Xero partner programme. It gives you one simple workflow – no more opening balance issues, re-entering of data or manual account mapping required. And because your files are kept securely in the cloud, you can get your spare room back.
