Happy New Year!

To our clients & candidates

Last year surprised us all, and proved to be a difficult time for so many. We feel incredibly fortunate that we were able to continue business through such an uncertain time and, although none of us can predict what the future holds, we feel quietly confident as we move forward.

The end of 2020 saw a huge surge in the Tax Recruitment market, and it looks set to continue this way as we step into 2021.

*The AVTR team is here, ready and waiting for your call. Let's take on this year with a burst of hope and positivity - **together**.*
